

National Immunization Awareness Month

“...provides an opportunity to highlight the value of immunization across the lifespan. Activities focus on encouraging all people to protect their health by being immunized against infectious diseases.” (CDC, 2015)

A publication of the Center for Leadership Education in Maternal and Child Public Health

We hope you find this health observance Quick Guide helpful! Roll over text to find live links, or Google search the organization and material. Most messages, materials, and facts can be adapted to fit other audiences not specifically depicted here.

Watch a tutorial about these Guides and how to use them! <http://z.umn.edu/qgvid>

Social media can be a great tool for finding up-to-date resources and facts. Follow leading organizations to find out what they are doing, share their posts, and join in national chats.

One of the easiest ways to find more resources is to search the hashtag for this observance. This can be done on almost all social media sites. Include it in any posts you create.

Please share these documents and consider tagging the Centers: @UMN_MCH and @SahrcUMN.

If available, use logos and other graphics to enhance your posts, emails, or websites. Visuals help catch people's attention and often have higher engagement numbers.

Use available facts from these organizations to create quick and easy posts for social media or a newsletter. Many also provide templates for press releases and other modes of communication.

Compiled with the help of the University of Minnesota State Adolescent Health Resource Center (SAHRC), part of the Adolescent and Young Adult Health - National Resource Center.
