

Teen Dating Violence Prevention Month

“The repercussions of teen dating violence are impossible to ignore – they hurt not just the young people victimized but also their families, friends, schools and communities.” (teendvmonth.org)

A publication of the Center for Leadership Education in Maternal and Child Public Health

We hope you find this health observance quick-guide helpful! Roll over text to find live links to sites and materials. Most messages, materials, and facts can be adapted to fit other audiences not specifically depicted here.

Social media can be a great tool for finding up-to-date resources and facts. Follow leading organizations to find out what they are doing, share their posts, and join in national chats.

One of the easiest ways to find more resources is to search the hashtag for this observance. This can be done on almost all social media sites. Include it in any posts you create.

Please share these documents and consider tagging the Centers: @UMN_MCH and @SahrcUMN.
